2 July 1980

MEMORANDUM FOR: Chief, Special Security Center

STATINTL FROM: [redacted]
Deputy Director for Community Affairs

25X1A SUBJECT: [redacted] nondisclosure Agreement

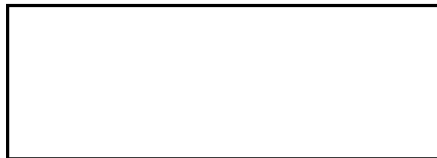

1. Thank you for your memorandum on this subject dated 27 June 1980.

2. After reading it I called [redacted] and respectfully STATINTL withdrew the Office of Security's offer of providing a non-active repository for the nondisclosure agreement in consideration of the fact that the conditions under which the offer had been presented was not apparently those perceived by the members of Subgroup #1.

STATINTL 3. [redacted] assured me that the scenario he describes in paragraph 3 of his memorandum of 20 June 1980 on the 14th meeting of the [redacted] Steering Group Subgroup #1 was no longer viable. Changes in the format of the draft nondisclosure agreement have resulted in that document no longer offering potential for assistance in the 4C recording of access approvals. 25X1A [redacted] endorsed the understanding that the Office of Security STATINTL CIA if it accepted the responsibility of storing nondisclosure agreements would not be called upon to retrieve them except with sufficient notice of need in cases of prosecution by U.S. legal counsel for transgression of the tenets of the agreement.

4. By copy of this memorandum to [redacted] I will STATINTL request that he insure that departmental representatives of Subgroup #1 clearly understand the limits of the CIA offer of a passive storage arrangements and that there is no current

capability and no intent to subsequently seek the capability
to modify the conditions of the offer.
